

Haultain Memorial School

School Digital Citizenship Plan 2025-2026

Relevant contextual information about your school and School Development Plan:

- We are a K-6 school in the southeast community of Queensland with a student population of 175 which includes a Bridges class
- Our classrooms consist of combined grades
- SDP goal that students’ foundational skills in Literacy and Mathematics will improve

Relevant evidence and data that informs your Digital Citizenship Plan:

- Our Kindergarten and Grade 1 and 2 students utilize iPads for learning and Grades 3-6 utilize Chromebooks and iPads for learning
- As a school with early learners, many of our students are new to using digital tools for learning
- A large percentage of our students report spending time at home using various forms of technology
- We want to connect to current research and the Away for the Day policy

School Digital Citizenship Plan						Progress		
Long Term Goal	Competency	Short Term Goals	Outcomes	Activities & Resources	Measures	November	March	June
Long term goal #1 Learners will understand the importance of protecting personal information online and apply appropriate strategies.	Safe I know how to protect my personal information online. I know how to create an effective password and keep it private.	Short term goal #1 Students will understand the characteristics of a strong password and why it is important to have one.	Students will create an age-appropriate unique password to access CBE network / technology.	Review resources on Digital Citizenship Insite Pages Utilize the Creating Passwords with Young Learners document Targeted lessons on creating strong passwords Support from the Teaching and Learning with Technology Specialists as needed	All students in Grades 1-6 will have a unique, secure password to access CBE network / technology.			

		Short term goal #2 Students will understand the importance of keeping their passwords secure and private.	Students will keep their passwords private and keep password hints in a secure location.	Review resources on Digital Citizenship Insite Pages Students will learn how to reset passwords using the Student Account Tool Support from the Teaching and Learning with Technology Specialists as needed	All students in Grades 1-6 will keep their passwords private and know how to reset their passwords, as needed.			
Long term goal #2 Learners will understand the importance of balance when using technology and how this impacts wellbeing.	Balance I balance time online and offline to promote positive mental, emotional and physical wellbeing. I understand appropriate times and situations to use technology.	Short term goal 1 Students will understand that balance contributes to wellbeing and will learn how to create healthy digital habits.	Students will engage in mindful use of technology and implement one healthy digital habit.	Targeted lessons on creating healthy digital habits using resources such as MediaSmarts CBE Student Well-Being Framework CBE Personal Mobile Devices and Away for the Day Policy	All students will identify at least one healthy digital habit that contributes to wellbeing.
